Principal's Report

Welcome to this edition of the Yenda Agenda! This week our community came together to raise much needed funds for Motor Neurone Disease with Fire Fighter Gavin Raccanello. The SRC organised an Ice Bucket Challenge with some wonderful community participants undergoing a moment of ice for the cause. Thanks to Gavin for including our school in this awareness campaign, and thank you to everyone who donated!

This week was SASS Recognition Week, where we acknowledge all of the hard work and commitment from our support, administrative and grounds staff. We celebrated by holding a special breakfast for our SASS team on Wednesday.

Belinda Wallace - Principal

Why choose a public school?

Riverina public schools offer a wonderful range of experiences and opportunities for student development from Pre-school to Year 12 and beyond.

Children thrive in the challenging and supportive environment offered in our schools – where they learn to value excellence, independent thinking, leadership, care, fairness and participation.

High Achievers

In both primary and secondary school, NSW public school students are achieving academic results that are comparable with the world's top performers.

Specialist Consultants

Every public school has access to a vast network of professional curriculum consultants who work with our teachers to ensure that students are experiencing quality teaching in every area of learning.

Qualified Support

Within the Riverina, the physical, emotional and intellectual well-being of all students is a core priority within every public school. As part of an extensive government system, NSW public schools have access to a wide network of qualified student counsellors and advisers to support students and help them with their learning and development.

Extensive Opportunities

The range of subjects, opportunities and expertise offered to public school students in the Riverina is second to none. In addition to the wide range of core subjects on offer, our extra-curricular programs include:

- gifted and talented programs;
- regional camps for drama, music, writing, creative arts and dance;
- debating and public speaking competitions;
- sporting competitions at school, region and state level - in athletics, team sports and swimming;
- leadership and peer support;
- scientific and environmental innovation;
- excursions and cultural development; and
- participation in the Murrumbidgee Regional Conservatorium of Music

Ongoing Professional Development

NSW public schools understand the importance of continuous training and development of our teachers to ensure that classroom learning remains of the highest standard. All Riverina teachers are able to keep up-to-date with the latest quality teaching practices and network with peers via our regional professional development program.
